# THE USHUAIA

The ice-strengthened polar vessel USHUAIA is the ideal expedition ship for Antarctica. Public areas feature a large dining room (one sitting), an observation lounge and bar, library, a conference room with modern multimedia equipment and a small infirmary. Our chefs prepare excellent cuisine including many local specialties and the bar is well-stocked with carefully selected wines and spirits.

The USHUAIA maintains an open-bridge policy where the officers invite you to observe the navigational operations of the ship and will gladly answer any questions you may have.

Antarply Expeditions' highly experienced expedition team will give lectures on board, accompany you on deck and guide you during shore excursions to help with the identification of amazing wildlife and share their knowledge about this fabulous continent.
