AUGUST 17–SEPTEMBER 2, 2019
AUGUST 22–SEPTEMBER 7, 2020

Aboard the Ocean Endeavour (p.18)

From **$9,995** to **$25,095** USD per person (*details p.26*)

**Starts:** Toronto, ON
**Ends:** Calgary, AB

**Charter Flights** available for this itinerary (*details p.27*)

A journey from Kangerlussuaq, Greenland to Kugluktuk, Nunavut. Our fleet of Zodiacs will take us where the action is—into the heart of history.

Our voyage begins in Greenland, home to mighty icebergs, dramatic fjords, and calving glaciers! Colourful villages offer rich culture. Crossing the Davis Strait, we'll explore the Baffin Island coast. We're on the watch for whales, birds, and bears. Visit Franklin expedition graves at Beechey Island. Follow in the wakes of Franklin, Rae, Amundsen and many more polar explorers.

Meet the Inuit who call the Arctic home. Travel with scientists, artists, musicians, local culturalists, and historians—all of whom are drawn magnetically north. Sail the great sea-route at the top of the world. The Northwest Passage calls you, too!

**HIGHLIGHTS**

- Cross the Arctic Circle as you sail the length of Sondre Stromfjord—168 kilometres!
- Cruise among icebergs at Ilulissat Icefjord, a UNESCO World Heritage Site
- Visit Queen Maud Gulf, home to the wrecks of the Franklin ships, HMS *Erebus* and *Terror*
- Enjoy an Inuit cultural welcome in Qikiqtarjuaq (Broughton Island)
- Watch for marine mammals and wildlife in Tallurutiup Imanga (Lancaster Sound), a Marine Protected Area
- Explore Nunavut's rarely visited national parks
- Pass continental North America's northernmost point at Bellot Strait
- Seek polar bears, seabirds, and other Arctic wildlife in pristine natural environments
DAY 1 | KANGERLUSSUAQ

Kangerlussuaq is a former US Air Force base and Greenland's primary flight hub. After our charter flight from Toronto, we will be bused along Greenland’s longest road—less than twenty kilometres—to the port. Zodiacs will be waiting to transfer us to the Ocean Endeavour.

Sondre Stromfjord is one of the longest fjords in the world and boasts 168 kilometres of superb scenery. We begin our adventure by sailing down this dramatic fjord, crossing the Arctic Circle as we go.

DAY 2 | SISIMIUT COAST

People have lived in the Sisimiut area for 4,500 years. For the first 2,000 years, the people of the Saqqaq culture occupied the area. Approximately 2,500 years ago, new people brought the Dorset culture to the Sisimiut area. They lived here for 1,500 years and were followed by the people of the Thule culture—the ancestors of the current population. All these cultures came from Canada. The people primarily lived on fish, birds and mammals such as whales and seals. The ice-free conditions in the sea around Sisimiut, including some of Greenland’s deepest fjords, allow us to sail in waters that are home to many whales and seals.

⚠️ Adventure Canada itineraries may be subject to change without notice due to weather, ice, and sea conditions.
DAY 3 | ILULISSAT

Ilulissat translates literally into “iceberg”, an apt name for this site at the mouth of the Ilulissat Icefjord—a UNESCO World Heritage Site. The icefjord is the outlet of the Sermeq Kujalleq Glacier, source of many of the icebergs in the North Atlantic.

Here, we will cruise in our fleet of Zodiacs to appreciate the icebergs. We'll also visit the bustling town of Ilulissat, with its museums, cafes, craft shops, and busy fishing harbour.

DAY 4–6 | WESTERN GREENLAND

Our adventure builds as we explore by ship and Zodiac along the west coast of Greenland. Here we find spectacular fjords, where we will be watching for marine life in majestic and inspiring landscapes dotted with icebergs.

We have numerous options for expedition stops, to make the most of weather and wildlife conditions. Departing Greenland, we cross Baffin Bay toward Nunavut. Our onboard presentation schedule will have us learning as we go.

DAY 7 | QIKIQTARJUAQ

Qikiqtarjuaq, a community located on Broughton Island in Nunavut, is known for wildlife, art, and Auyuittuq National Park. “Qik” was home to a NORAD military station that formed part of the Distant Early Warning (DEW) line in the 1950s.

Qikiqtarjuaq boasts a burgeoning craft industry, and local artisans are eager to share their wares. Talented local artists have a focus on intricate ivory work and jewelry. The community is famously warm and welcoming to visitors.
DAY 8-9 | EAST BAFFIN ISLAND

Today will be an expedition day in the truest sense as we navigate the fjords of eastern Baffin Island. The Ocean Endeavour is a perfect mobile observation platform, while our fleet of Zodiacs allows us to quickly scramble for a closer look when opportunities arise.

Moving through waters known to harbour polar bears, belugas, narwhals, and other marine mammals, we will be monitoring from the deck and bridge to maximize chances of seeing wildlife.

DAY 10 | DEVON ISLAND

Devon Island is the largest uninhabited island on Earth at over fifty thousand square kilometres. The island's geology is stunning, and very visible as we sail the coast. Flat topped mountains, glacial valleys, and a substantial ice cap give Devon Island its unique character.

Devon Island has a rich human history, and boasts historical and archeological features. We'll also be on the watch for wildlife!
DAY 11 | BEECHEY ISLAND

In 1845, Sir John Franklin set out from England with HMS *Erebus* and Terror, attempting to sail through the Northwest Passage. Franklin’s party overwintered at Beechey Island—where three of his men died.

Numerous search parties later used Beechey as a depot and rendezvous. Amundsen, Bernier, and Larsen visited Beechey. Thomas Morgan of the HMS *Investigator* was buried there in 1854 alongside Franklin’s men. The graves and the ruins of Northumberland House are a haunting memorial.

DAY 12–13 | PEEL SOUND AND PARRY CHANNEL

The ‘obvious’ route through the Northwest Passage, Parry Channel seldom provides a full transit because of ice. It is named after Arctic explorer William Edward Parry, who got as far as Melville Island in 1819 before being blocked by ice at McClure Strait.

Peel Sound was the Franklin expedition’s route south. It presents numerous wildlife and exploratory opportunities. The setting is optimal for hiking and exploring the geological diversity of the area.
DAY 14–16 | KITIKMEOT REGION

The Kitikmeot Region consists of parts of Victoria Island, the adjacent part of the mainland as far as the Boothia Peninsula, King William Island, and the southern portion of Prince of Wales Island. Its regional seat is Iqaluktuuttiaq (Cambridge Bay), though it also contains five other hamlets. Recently, the Kitikmeot Region has been in the news since the finding of the lost ships of the Franklin Expedition in its waters. It is Nunavut’s least-populated region, though wildlife abounds here both in the sea and on land.

DAY 17 | KUGLUKTUK

Located at the mouth of the Coppermine River, Kugluktuk is the westernmost community in Nunavut. Known for many years as Coppermine, the community reverted to its original Inuinnaqtun name—meaning “place of moving waters”—on January 1st, 1996.

The Coppermine River is designated a Canadian Heritage River for the important role it played as an exploration and fur trade route. Today we will disembark the Ocean Endeavour and make our way to the airport to meet our charter flights to Calgary.

DAY 1 | KUGLUKTUK

Located at the mouth of the Coppermine River, Kugluktuk is the western most community in Nunavut. Known for many years as Coppermine, the community reverted to its original Inuinnaqtun name—meaning “place of moving waters”—on January 1st, 1996.

The Coppermine River is designated a Canadian Heritage River for the important role it played as an exploration and fur trade route. Our charter flight will land in Kugluktuk and we will embark the Ocean Endeavour by Zodiac to commence our trip!

DAY 2–4 | KITIKMEOT REGION

The Kitikmeot Region consists of parts of Victoria Island, the adjacent part of the mainland as far as the Boothia Peninsula, King William Island, and the southern portion of Prince of Wales Island. Its regional seat is Iqaluktuuttiaq (Cambridge Bay), though it also contains five other hamlets. Recently, the Kitikmeot Region has been in the news since the finding of the lost ships of the Franklin Expedition in its waters. DAY 5–7 | PEEL SOUND & PARRY CHANNEL

The ‘obvious’ route through the Northwest Passage, Parry Channel seldom provides a full transit because of ice. It is named after Arctic explorer William Edward Parry, who got as far as Melville Island in 1819 before being blocked by ice at McClure Strait.

Peel Sound was the Franklin expedition’s route south. It presents numerous wildlife and expedition opportunities. The setting is optimal for hiking and exploring the geological diversity of the area.

DAY 8 | BEECHEY ISLAND

In 1845, Sir John Franklin set out from England with HMS *Erebus* and *Terror*, attempting to sail through the Northwest Passage. Franklin’s party overwintered at Beechey Island where three of his men died.

Numerous search parties later used Beechey as a depot and rendezvous. Amundsen, Bernier, and Larsen visited Beechey. Thomas Morgan of HMS *Investigator* was buried there in 1854 alongside Franklin’s men. The graves and the ruins of Northumberland House are a haunting memorial.

DAY 9 | TALLURUTIUP IMANGA (LANCASTER SOUND)

We will spend the day exploring the ocean wilderness of Tallurutiup Imanga (Lancaster Sound). In August of 2017, this enormous body of water was declared a National Marine Conservation Area.

Large populations of marine mammals, including narwhal, beluga and bowhead whales transit and feed in this area. There is a great selection of landing sites available, depending on weather, wildlife, and sea conditions.
DAY 10 | AUJUITTUQ (GRISE FIORD)

Aujuittuq means ‘place that never thaws.’ 1,150 kilometres above the Arctic Circle, Canada’s northernmost “civilian” community originated in the Cold War; in 1953, residents were relocated to Aujuittuq to boost Canadian sovereignty. The 2016 census listed the population at 129.

We’ll be welcomed into the village, where we will have a chance to meet members of the community, learn about their way of life, and hear their poignant stories.

DAY 11 | SMITH SOUND

Smith Sound served as the main route for explorers and adventurers searching for the North Pole. Adolphus Greely, Sir George Nares and Elisha Kent Kane all travelled these waters with varying degrees of success.

Between forty-eight and seventy-two kilometres wide and eighty-eight kilometres long, Smith Sound divides Ellesmere Island from Greenland. Here, the sea ice provided an ancient Inuit travel route. Optimal sea ice conditions in Smith Sound can also make for excellent wildlife viewing.

DAY 12-14 | NORTHWEST GREENLAND

We will explore the stunning fjords that line the coast. Glaciers and icebergs abound here. In true expedition style, we will seek opportunities to hike, explore, and view wildlife as conditions allow.

Adventure Canada itineraries may be subject to change without notice due to weather, ice, and sea conditions.
**DAY 15 | ILULISSAT**

Ilulissat translates literally into “iceberg”, an apt name for this site at the mouth of the Ilulissat Icefjord—a UNESCO World Heritage Site. The icefjord is the outlet of the Sermeq Kujalleq Glacier, source of many of the icebergs in the North Atlantic.

Here, we will cruise in our fleet of Zodiacs to appreciate the icebergs. And we'll visit the bustling town of Ilulissat, with its museums, cafes, craft shops, and busy fishing harbour.

**DAY 16 | ITILLEQ FJORD**

The west Greenland coastline is a rich mixture of fishing communities, many islands and complex coastal waterways. The waters are relatively warm here, due to the West Greenland current and the more southerly location. This makes for lusher vegetation.

As we enter the Arctic autumn, the tundra foliage will be in gorgeous colour. We will be making an expedition stop here to explore the landscape of wild Greenland.

**DAY 17 | KANGERLUSSUAQ**

Sondre Stromfjord is one of the longest fjords in the world and boasts 168 kilometres of superb scenery. We end our adventure by sailing up this dramatic fjord as the sun rises to greet us.

Kangerlussuaq, the town at its eastern head, is a former US Air Force base and Greenland's primary flight hub. Here we will disembark the *Ocean Endeavour* and transfer to the airport for our return charter flight.
The Ocean Endeavour is the perfect vessel for expedition cruising. Outfitted with twenty Zodias, advanced navigation equipment, multiple lounges, and a top deck observation room, she is purpose-built for passenger experiences in remote environments. ACTIVITY LEVEL
Adventure Canada endeavours to accommodate all passengers, subject to the specific itineraries and terrain of our excursions, vessels characteristics and accommodations. Adventure Canada tours necessitate that passengers be in reasonably good health. Zodiac cruises and transfer times can be lengthy. You must be able to climb stairs between decks on the ship. You must also be able to climb the external gangway stairs to transfer between the ship and the Zooldis. Our expedition team and ship crew are available to assist you in and out of the Zooldis, both on shore and at the gangway. Adventure Canada expeditions may involve extensive walking in variable weather conditions over sometimes sandy or uneven terrain. Wherever possible while on shore excursions, we break into smaller, guided groups according to interest and physical ability. This may mean one small group going off on a strenuous, two-hour hike on steep terrain, while another explores the area in and around the landing beach, keeping to relatively level terrain and short distances. Generally speaking, once a few people are ready to return to the ship, the Zooldis are usually available to take you back at the time of your choosing. To inquire about whether our adventures are suitable for you, please do not hesitate to contact us.

SPECIAL ACCOMMODATIONS
Adventure Canada is committed to extending a high level of customer service to all travellers, including people with disabilities. At the time of booking please contact our Client Services Team to discuss your needs.

ZODIAC CRAFT
Zodiacs are the favoured means of transportation for shipboard expeditions and, indeed, wherever shallow waters and beaches ring the shoreline. They are stable, versatile craft that cruise at approximately four knots; in windy weather they can make for rather splashy rides. Wet gear is essential for any Zodiac tender, and Zodiac drivers are authorized to refuse disembarkation to anyone inappropriately attired. Life preservers are absolutely compulsory and will be provided. Zodiac landings will generally entail disembarking onto rocky or gravelly beaches. The beach landings may be wet, meaning that there may be some spray en route to shore, and that you may have to step into water up to 25 centimetres / 10 inches deep.

MEDICAL FACILITIES
Passenger safety is of utmost importance to us. This expedition is intended for persons in good health, and thus our tours may not be suitable for those who are not fit for long trips for any reason, including disability, heart, or other health conditions. Should any such condition become apparent, or should passenger safety become a concern, we reserve the right at our sole discretion to decline embarkation prior to the commencement of the tour or to disembark passengers prior to the completion of the tour. Our vessel is not equipped to handle serious medical conditions. Medical and Emergency Evacuation insurance is mandatory. If you require specific medications, please ensure that you bring a supply adequate to last you for the duration of the journey and take care to properly pack them to ensure safe transport. Once aboard ship, we will be travelling in remote communities where prescriptions cannot be replaced. Select vessels have an onboard doctor; should you require the doctor’s services, a consultation and treatment fee will apply. Any charges will be debited from your onboard account. To inquire about whether our tours are suitable for you, please do not hesitate to contact us.

GRATUITIES
Adventure Canada expedition team and guides do not accept tips.

The procedure for providing a gratuity may differ from tour to tour. Your host will outline this on each tour.

Our ships’ crew work hard to please, and tips are appreciated. In fairness to all those who work together to make your trip enjoyable, tips are collected at the end of the voyage and distributed equitably among the crew. Although we leave tip amounts to your discretion, past passengers have asked for a recommended amount. We suggest a rate of $15 USD per day, per passenger.

AIRFARE
When purchasing your airline tickets to meet us at our point of departure, please ensure that they are changeable or refundable; Adventure Canada is not responsible for missed connections due to late charter flights or changes / delays / interruptions in the ship’s intended itinerary and will not reimburse you for rebooking fees or new ticket charges incurred.
